

CHRIS DINDAR

CASE MANAGER

REGISTERED GENERAL NURSE

Chris has had an extensive and varied nursing career, spanning over 4 decades, including working in A&E at home and overseas, international medical assistance and repatriations, occupational health and forensic nursing in police custody. Since 2017, Chris has been working as a brain injury case manager and has built an impressive rapport with his clients quickly and effectively. He also has experience working with clients with challenging behaviours or substance/alcohol misuse. Thus, he is a compassionate and dedicated case manager who is committed to providing the highest quality care and support to his clients.
